hello!

WORK EXPERIENCE

WEB DEV

GYM MANAGEMENT SYSTEM – UNI PROJECT

I developed front for my university project with html, css, bootstrap, JavaScript, JQuery. I usually do my front end on react. For backend I prefer php and laravel. I created websites on WordPress too. I can also design websites on Adobe XD.

SEO

PERSONAL WORK - PORTFOLIO

I did some work on SEO projects. I have a really good understanding about on-page, off-page and technical SEO. I know how the google bots work and what the crucial factors for website ranking are.

APP DEV

VIRTUAL INFANT CARE – UNI PROJECT

I developed an app for my university project. I can develop attractive apps in flutter with firebase integration and dart as my backend language.

EDUCATION

2019-current

BSCS – SUPERIOR GOLD CAMPUS

I am doing bachelor in computer science. It is my 6th semester. I gained 91% marks in MATRIC and did my FSC from Punjab College with good marks.

SKILLS

ABOUT

I am a hardworking and ambitious individual with a great passion for the technology and programming. I have excellent communication skills, enabling me to effectively communicate with a wide range of people.

I am seeing a position in the industry in which I can put into practice my knowledge and experience, ultimately benefiting the operations of the organization that I work for.
